St. Timothy's School Newsletter - September 11, 2019

St. Timothy's Parish School is committed to providing quality Catholic Education through the cooperative efforts of the faith community.

USE OF TECHNOLOGY

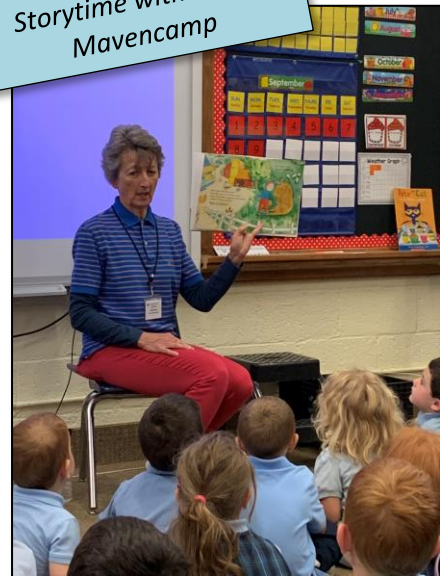

Our goal in providing the use of technology to our students, is to promote educational excellence in our school. With this privilege comes responsibility for the school and our students. St. Timothy's Catholic School has taken precautions to restrict access to controversial material, and students are monitored by staff when using technology. We also need our students to be aware of their responsibilities. During their technology class, students will be discussing their individual responsibilities while using technology. Included in this week's Wednesday envelope is a copy of our Acceptable Use Policy. We ask that you review this with your child and return the signed agreement/contract soon as possible.

The Kindergarten through 5th grades Agreement is orange. Sixth through eighth grades Contract is green.

STATE MANDATED BUS SAFETY TRAINING

Bus Safety Training for Kindergarten-4th grades will take place in a few weeks on Thursday and Friday, September 26 & 27. M & M Bus Service will be providing the training. All students in grades K-4 must take the training. Each session lasts approximately 30 minutes. Permission slips will be coming home this week. Please turn in your permission slips as soon as possible.
